

PRIVATELY OWNED AND OPERATED, VF WASTE SERVICE HAS BEEN SERVICING HOUSTON'S FINEST SUBDIVISIONS, CONDOMINIUMS, TOWNHOMES AND APARTMENT COMPLEXES SINCE 1992.

Our employees wear **white gloves** for a reason...

and we understand the **expectations** of your residents.

WE RECYCLE!

Go green and ask about our recycling program!

WHAT MAKES VF WASTE SERVICES DIFFERENT?

The two most important things in waste services:
TRUCKS & EMPLOYEES.

TRUCKS

Unlike traditional garbage collection trucks, our trucks are newer, cleaner, and constantly maintained. Our maintenance schedule includes a complete wash and prep detail each afternoon. And our onsite mechanics keep our trucks in like new condition – inside and out. Our custom trucks provide the flexibility to provide curbside, backdoor, door-to-door, rear-load dumpster and recycle services.

EMPLOYEES

When our certified employees put on the VF Waste Service uniform, the most important thing they wear are the white gloves. White glove service is a standard our employees understand. Our professional, quality and safety conscious employees take every step to provide impeccable service making sure any debris dropped in the collection process is cleared and all cans with lids are left standing upright. All employees adhere to strict safety procedures and attend regular safety meetings by certified instructors.
